Patrick Landon Ferree

Medical Museion, Fredericiagade 18, Copenhagen K, Denmark • patrick.ferree@sund.ku.dk • +45 93 86 71 37

Education

University of Copenhagen — Copenhagen, DK
PhD Student in Medicine, Culture, and Society — in Progress
Dissertation (topic): Perspectives on single-cell and spatial technologies in postgenomic biomedicine

Duke University School of Medicine — Durham, NC, USA
PhD in Cell Biology; Certificate in Cell and Molecular Biology — Apr 2022
Dissertation: *Temporal regulation of cell divisions in the embryo of Drosophila melanogaster*

University of California, San Diego — La Jolla, CA, USA
BS in Chemistry; BA in Philosophy; Minor in Political Science; *magna cum laude* — Jun 2012

Experience

Technical University of Munich — Munich, DE
Visiting Researcher, Department of Science, Technology, and Society — Mar - Jun 2026
Chair for Philosophy and History of Science and Technology
Host: Sabina Leonelli

University of Copenhagen — Copenhagen, DK
PhD Student, Department of Public Health, Medical Museion — Mar 2024 – Present
Center for Medical Science and Technology Studies (MeST)
Novo Nordisk Foundation Center for Basic Metabolic Research (CBMR)
Advisor: Karin Tybjerg Co-advisor: Sara Green

National Research Centre for the Working Environment — Copenhagen, DK
Postdoctoral Researcher, Chemical Working Environment — Jun 2022 – Mar 2024
Advisor: Keld Alstrup Jensen

Duke University School of Medicine — Durham, NC, USA
PhD Student, Department of Cell Biology — Sep 2014 – Apr 2022
Advisor: Stefano Di Talia

University of Texas, El Paso — El Paso, TX, USA
Research Technician, Department of Psychology — Jan 2013 – Sep 2014
Advisor: Laura O'Dell

Scripps Institution of Oceanography — La Jolla, CA, USA
Research Assistant, Aerosol Group — Jan – Sep 2012
Advisor: Lynn Russell

Articles

P. L. Ferree, M. Polat, J. K. Nøjgaard, K. A. Jensen, "Airborne particulate matter and diesel engine exhaust on infrastructure construction sites in the Copenhagen metropolitan area", *Annals of Work Exposures and Health*, Volume 68, Issue 8, Oct. 2024, Pages 791–803, https://doi.org/10.1093/annweh/wxae062.

P. L. Ferree, M. Xing, J.Q. Zhang, S. Di Talia, "Structure-function analysis of Cdc25 Twine degradation at the Drosophila maternal-to-zygotic transition", *Fly*, vol. 16, no. 1, pp. 111–117, Dec. 2022, ISSN: 1933-6934.

P. L. Ferree, S. Di Talia, "Chemical Waves in Embryonic Cell Cycles", *Israel Journal of Chemistry*, vol. 58, no. 6, pp. 714–721, 2018, ISSN: 18695868 (**Review**).

P. L. Ferree, S. Di Talia, "For Embryos, Mother Can Only Take You So Far", *Developmental Cell*, vol. 42, no. 3, pp. 203–205, 2017, ISSN: 18781551 (**Commentary**).

P. L. Ferree, V. Deneke, S. Di Talia, "Measuring time during early embryonic development", *Seminars in Cell and Developmental Biology*, 2016, ISSN: 10849521 (**Review**).

Invited Talks

P. L. Ferree, "What is a good cell atlas? Fitness-for-purpose across big and small biology", Workshop: "Inhabiting Data: Objects, Tools, and Frameworks in Post-Genomic Biology", Department of Philosophy, University of Vienna, Vienna, Austria, May 2026.

Conference Talks

P. L. Ferree, "Everything, everywhere, all at once: Cell atlas construction in big and small biology", Philosophy of Biology at Madison (POBAM), Madison, WI, USA, Aug 2026.

P. L. Ferree, "Why small science lives on: The case of cell atlas makers", Organized symposium: "Technology-driven scientific change: Conceptual, historical, and ethnographic perspectives on single-cell biology", Society for Philosophy of Science in Practice (SPSP), University of Cambridge, Cambridge, UK, Jul 2026.

P. L. Ferree, "Making and using the average mouse brain", Workshop: "Multi-scale modelling and explanation in the life sciences", Darwin College, Cambridge, UK, Jul 2026.

P. L. Ferree, R. Alacalay, "Mixing things up: An epistemology of mixtures in the study of endocrine-disrupting chemicals", Gordon Research Seminar: "Harnessing Interdisciplinary Evidence for Endocrine Disruption", Newry, Maine, USA, Jun 2026.

P. L. Ferree, "Measuring the organism: Ground truth and the single-cell cartographers", Second Biennial Conference of the Society for the Study of Measurement, University of Edinburgh, Edinburgh, UK, Jun 2026.

P. L. Ferree, "Evaluating practices of atlas production in the biomedical sciences", Philosophy-in-Practice (PiP) Symposium, University of Antwerp, Antwerp, Belgium, May 2026.

P. L. Ferree, "From clocks to hourglasses: Making time an epistemic object in developmental biology", Organized symposium: "Time in Developmental Biology", International Society for the History, Philosophy, and Social Studies of Biology (ISHPSSB), Porto, Portugal, Jul 2025.

P. L. Ferree, C. Ribalta, A. Jensen, J. K. Nøjgaard, S. Nielsen, N. Sahlgren, T. Berthing, K. A. Jensen, "Workplace exposure to ultrafine particles, chemicals, and dust during plastic production with recycled plastics", British Occupational Hygiene Society: Inhaled Particles and NanOEH, Manchester, UK, May 2023.

P. L. Ferree, A. De Simone, S. Di Talia, "An activator-repressor model for improved temporal precision of transcription", Quantitative Biology (Q-Bio), Oahu, HI, USA, Feb 2019.

Posters

P. L. Ferree, "What is science studies?", MAPS Retreat, Snekkersten, Denmark, Nov 2025.

P. L. Ferree, "An ethnographic and philosophical study of single-cell biology", International Society for the History, Philosophy, and Social Studies of Biology (ISHPSSB), Porto, Portugal, July 2025.

P. L. Ferree, "Technical and epistemic objects in cell-type classification: A study of single-cell sequencing", Society for Philosophy of Science in Practice (SPSP), Columbia, SC, USA, May 2024.

P. L. Ferree, C. Bunce, "The Questions of Developmental Biology", Society for Developmental Biology (SDB), Boston, MA, USA, Jul 2019.

P. L. Ferree, A. De Simone, S. Di Talia, "An activator-repressor model for improved temporal precision of transcription", Tissue Self-Organization: Challenging the Systems, Heidelberg, Germany, Mar 2018.

P. L. Ferree, A. Momen-Roknabadi, S. Di Talia, "Precise timing of mitosis during *Drosophila* gastrulation", Winter School on Quantitative Biology, International Center for Theoretical Physics, Trieste, Italy, Dec 2017.

Grants and awards

Travel Award ($1,500) – Allen Institute for Brain Science Workshop, Apr 2026.

Teaching

Introduction to Science and Technology Studies (MA course) — Munich, DE
Guest Lecturer, Technical University of Munich — 2026

Medicine in Context – Histories and Cultures of Biomedical Science (PhD course) — Copenhagen, DK
Guest Lecturer, University of Copenhagen — 2025

Philosophy of Science ("Videnskabsteori") for Medical Engineering (BA course) — Copenhagen, DK
Lecturer (co-instructor), University of Copenhagen — 2025 – 2026

Creative Processes for Academic Writing (PhD course) — Copenhagen, DK
Guest Lecturer, University of Copenhagen — 2024 – 2026

Responsible Conduct of Research (PhD course) — Durham, NC, USA
Teaching Assistant, Duke University School of Medicine — 2018

Facilitation

"What makes science happen? Research Culture at CBMR" – Interactive workshop. MAPS Retreat, Snekkersten, Denmark, Nov 2025 (with C. Salkovskis).

Select School and Workshop Participation

Workshop on Cell Types: "Describe Your Neurons Like the Allen Institute", Seattle, Washington, USA, Apr 2026.

Summer School on "Narratives of Disruption and Continuity in STS", Wuppertal, Germany, Sep 2025.

Summer School for Philosophy in Biology and Medicine (PhilInBioMed), University of Bordeaux, France, Jun 2025.

European Advanced School for the Philosophy of the Life Sciences, Konrad Lorenz Institute, Austria, Sep 2024.

Summer School on the History of Knowledge, Lund University (LUCK), Sweden, Aug 2024.

Workshop on Methods in the Philosophy of Science, University of Vienna, Austria, May 2023.

Summer School on the History of the Life Sciences, Ischia, Italy, Jun 2022.

Winter School on Quantitative Biology, International Center for Theoretical Physics, Trieste, Italy, Dec 2017.

Interviews, etc.

"SPSP comes to Cambridge", *SPSP Newsletter*, Nov 2026 (with E. Cavazzoni).

"Methods in the Philosophy of Science: Interview with S. Veigl and A. Currie", *SPSP Newsletter*, 24, Nov 2025.

"Practices of Classification in Conservation Science: Interview with J. Witteveen", *SPSP Newsletter*, 23, Jun 2025.

"Practices of Validation in the Biomedical Sciences: Interview with L. Keuck", *SPSP Newsletter*, 22, Nov 2024 (with S. Canali).

Public Engagement

Measure Me – Research contribution to a museum exhibition on the history of measurement apparatuses in medicine. Medical Museion, Copenhagen, Denmark, Nov 2025.

"Encoding Information in Waves and Patterns" – Public lecture. *Moogfest*, Durham, NC, USA, May 2018.

Science Speed Dating – Public science events. Duke INSPIRE, Durham, NC, USA, 2016 - 2018.

Services to the Community

Member of Editorial Team, Society for Philosophy of Science in Practice Newsletter, 2024 - present.

Board Member, Metabolic Research Association of Postdocs and Students (MAPS) at CBMR, 2024 - present.

Reviewer, *European Journal for Philosophy of Science*

Societies

Member, International Society for the History, Philosophy, and Social Studies of Biology (ISHPSSB), 2024 - present.

Member, Society for Philosophy of Science in Practice (SPSP), 2023 - present.

Member, Philosophy of Science Association (PSA), 2024 - present.

Member, Society for Social Studies of Science (4S), 2024-present.

Member, Society for the Study of Measurement (SSM), 2024 - present.

Member, Danish Association for Science and Technology Studies, 2024-present.
